HENEY VICTOR IN FRAUD CASE

Judge Finds for Plaintiff After Long Battle

Says Evidence Failed Totally to Sustain Charges

New Trial to Determine the Right of Possession

(EXCLUSIVE DISPATCH) SAN JOSE, Oct. 31.—Francis J. Heney, Los Angeles attorney, was cleared of charges of fraud in connection with his purchase of a foreclosed vineyard, near here, in an ouster suit against his brother's widow, Mary J. Heney, and her son, Edwin, when Superior Judge J. B. Brown rendered a decision late last night in his favor. "I am unable to find a single fact or circumstance that detracts from the reputation of Francis J. Heney as an honest man," Judge Brown announced from the bench. The trial had been in progress since the 23rd of July. At that time the attorneys could finish their arguments today. Judge Brown ordered a night adjournment of court. The plaintiff purchased the 160-acre vineyard in August, 1922, when the holder of the first trust deed forced a sale of the property at public auction. After harvesting a grape crop from the vineyard, last year, he demanded possession of the property as against his sister-in-law, and when this was refused brought the ouster suit. The defendants defended on the ground that the plaintiff had been their attorney and counsel, had purchased the property for their benefit and was claiming it as his own through fraud.

Judge Brown ruled that the equitable defense of fraud should first be heard by him without a jury before the legal issue of possession was tried. Judge Brown's decision, announced from the bench, was very brief. He prefaced his opinion with the statement that he realized the seriousness of the case and expressed his doubt as to whether he should attempt to render a judgment at this time, but stated that he would do so unless there was some objection from counsel. M. E. Harrison, chief of defendant's counsel, stated that he would like to submit some authorities on the law involved in the case and he read the decision.

"There is a sad and hard duty to perform in this case," Judge Brown said. "On the one hand is a woman, aged and infirm, who believes she has been the victim of what she calls the ruthless and grasping hand of a mercenary brother-in-law. On the other hand is a man of national reputation, whose honesty has never been questioned and who is demanding that that reputation be cleared of charges of fraud, deceit and double-crossing."

REVIEW EVIDENCE
Judge Brown then briefly reviewed the evidence of the close relationship existing between the plaintiff, his brother Victor and Mary Heney, pointing out that the record shows there was a break in these relations in 1914. Referring to the indebtedness which was in the property at the time of the forced sale, most of which was owing to the plaintiff, Judge Brown declared that he did not believe the plaintiff had agreed to borrow money with which to buy in the property for the benefit of the defendants, and rendered judgment against them on the equitable questions involved.

ON POSSESSION
The legal question of the right to possession will be tried to a jury commencing next Monday. Judge Brown announced after a conference with the attorneys, in the case. It was indicated that trial would take about two days. The present trial was one of the longest in the history of the courts of Santa Clara county. Nearly 600 exhibits were read into the record during the nearly six weeks of the trial. The plaintiff was represented by

TRIO OF LADIES DO BEAT SEVENS

Three Queens Overruled in Artistic Pool Up-hold by Court

(EXCLUSIVE DISPATCH) GLOBE (Ariz.) Oct. 31.—A jury in the Superior Court, understanding that a hand of three queens is better than one of three sevens. This appears to have overruled a lower court in a Miami pool hall in which William Stone, colored, and an ex-regular soldier, held the queens but lost an \$18 stake. He came around later "with a gun," and was handed not only the money he claimed, but \$4 more. All this he explained in court when tried for robbery. He was acquitted.

W. J. James, Frank Benson and Ray, all of San Jose, and the defendants by M. E. Harrison and Henry Brown of San Francisco, lead the Atty. C. C. Coolidge of San Jose.

First of New Orange Yield Shipped East

(BY A. P. NIGHT WIRE) SACRAMENTO, Oct. 31.—The first carload of 1923 oranges to be shipped out of the State left Lincoln Place county, today, it was announced by Superintendent H. C. Gordon of a Lincoln fruit company. The shipment is said to be the earliest on record to leave California. It is consigned to Chicago markets. Gordon said the oranges are of the color and flavor.

YOLO WINS FIRST IN PACIFIC DAIRY SHOW

SECOND PRIZE FOR COUNTY DISPLAY AWARDED TO SAN JOAQUIN

(BY A. P. NIGHT WIRE) OAKLAND, Oct. 31.—First prize in the county display contest at the Pacific Slope Dairy Show here was awarded today to the Yolo county exhibit. San Joaquin county was second place. Next were Tulare, Marin and Sacramento counties in the order named. Total of \$150 in prize money was distributed. The purpose of the displays was to advertise the products of the various counties to visiting dairymen. Tulare, Marin and Sacramento counties were given special attention by the judges for outstanding superiority in special features of their exhibits. Tulare for showing marketing advantages, Marin for displaying educational features, and Sacramento for educational features especially designed to attract and instruct children. Yolo county also won first prize for the best, largest and most varied and artistically arranged exhibit of dairy products. Sacramento took second award in this contest.

San Joaquin was first and Yolo county second in the awards for the best exhibit of farm-produced dairy cattle feeds. At a luncheon for the exhibitors, Jack Reid of Sacramento, Clyde Pitney of San Joaquin county and George W. Pringle of San Francisco, were among the speakers.

CHARGED WITH USING PLANE IN DUCK HUNT

THREE ACCUSED OF FLYING INTO FLOCKS AND KILLING 100

(BY A. P. NIGHT WIRE) SEATTLE, Oct. 31.—Federal warrants were issued in Tacoma yesterday, it became known here today, for R. J. Davis, an aviator of California, and for two Portland, Ore., business and professional men on charges that last month at Willapa Harbor, southwest Washington, they slaughtered ducks from an airplane. Frank Moorman, game warden of Pacific county, which lies on Willapa Harbor, who was here conferring with the United States District Attorney, announced that Davis' plane was rented by the other two defendants and that the three dived in the machine into flocks of ducks, firing right and left as they went. He said that they killed 100 ducks in violation of the Federal Migratory Bird Act.

SHEEP SHIPMENTS WILL BE CERTIFIED

INCOMING FLOCKS TO STATE TO BE GIVEN CLOSER SCRUTINY

(BY A. P. NIGHT WIRE) SACRAMENTO, Oct. 31.—Under new regulations promulgated by State Department of Agriculture and approved by Gov. Richardson, on and after Nov. 15 all shipments of sheep into California from points outside the State must be through certification of the Department of Agriculture. Present regulations have been found inadequate to protect the sheep-raising industry in California against the spread of sheep scab, it was announced today by Dr. J. P. Iverson, head of the division of animal industry of the department.

NEW YORK ARTIST AWARDED MEDAL

(BY A. P. NIGHT WIRE) CHICAGO, Oct. 31.—George Bellows of New York with "The Portrait of My Mother," was awarded the Mr. and Mrs. Frank G. Logan gold medal with \$1200 for his contribution to the thirty-sixth annual exhibition of American paintings and sculpture which opens at the Art Institute tomorrow, it was announced today.

NATION'S TRADE ABROAD SOARS

Government Reports Show Increase Last Year

Standing of Countries Little Changed

Europe Leading World in Imports and Exports

(BY A. P. NIGHT WIRE) WASHINGTON, Oct. 31.—Foreign trade of the United States during September, which showed marked increase when compared with the same month of 1922, while proportionately little change was noted in the standing of various countries which participate in American commerce. Figures made public today by the commerce department upon the destination of exports and the source of imports, with comparisons between September 1922 and September 1923, follow:

Imports—	Sept. 1922	Sept. 1923
Canada	\$4,724,831	\$5,184,261
South America	\$1,545,118	\$2,042,987
Asia	\$4,681,388	\$9,518,417
Europe	\$2,883,542	\$2,715,579
Africa	\$1,182,484	\$3,091,086
Oceania	\$1,244,069	\$2,127,225
China	\$2,912,821	\$3,846,428
Japan	\$2,912,821	\$3,846,428
Others	\$2,912,821	\$3,846,428
Exports—	Sept. 1922	Sept. 1923
Canada	\$2,912,821	\$3,846,428
South America	\$1,545,118	\$2,042,987
Asia	\$4,681,388	\$9,518,417
Europe	\$2,883,542	\$2,715,579
Africa	\$1,182,484	\$3,091,086
Oceania	\$1,244,069	\$2,127,225
China	\$2,912,821	\$3,846,428
Japan	\$2,912,821	\$3,846,428
Others	\$2,912,821	\$3,846,428

Paris to Burn Eternal Flame for War Dead

(BY PARIS-EXCLUSIVE DISPATCH) PARIS, Oct. 31.—Eternal flame will rise above the tomb of the unknown soldier beneath Napoleon's Arch of Triumph in Paris. The administration of fine arts is making a classic bronze lamp which will be an undying symbolic flame, kept alive perpetually by war veterans voluntarily tending the fire of remembrance. The flame will be lighted Armistice Day, November 11.

Four Injured in Wholesale Meter Blasts

(EXCLUSIVE DISPATCH) NEW YORK, Oct. 31.—Four persons were injured, members of sixteen families were thrown into panic, and the interior of a five-story tenement on the Lower East Side was virtually demolished, today, when twelve gas meters exploded simultaneously.

ONE DEAD, TWO ARE DYING AFTER QUARREL

EL PASO MAN KILLS SELF; WOUNDS WIFE AND SISTER-IN-LAW

(BY A. P. NIGHT WIRE) EL PASO (Tex.), Oct. 31.—Albert Daviau, 42 years of age, died at a hospital today from self-inflicted gunshot wounds, while his wife Helen and her sister, Miss Mary Beagat, are possibly fatally wounded, as the aftermath of a quarrel last night over financial matters and jealousy. "I shot my wife, her sister, and myself," Daviau, dying, told the police. "We had been quarreling all day and she refused to give me any money."

SPIEGEL TELLS OF FAILURES IN SHOWS

(BY A. P. NIGHT WIRE) NEW YORK, Oct. 31.—Max Spiegel, theatrical producer and real estate operator who has been confined to a Connecticut sanatorium as "insane" since his bankruptcy a year ago, returned to New York today and told before Referee Harold P. Coffin a dramatic story of financial failure wherein he claimed he was bludgeoned with himself. He said his failure was due to losses of nearly \$250,000 in the sale of the fourteen or fifteen enterprises he was handling. He testified he lost \$150,000 in shows alone which he financed in association with the Shuberts.

BOY AT PLAY FALLS IN FLUME, DROWNS

(BY A. P. NIGHT WIRE) SEATTLE, Oct. 31.—Billy Van Worden, 4 years of age, and Arthur Heger, 5, amused themselves by hanging to cross braces over a flume in the outskirts of Seattle yesterday and dangled their feet in the water. When Billy said he was too tired to pull himself up, and began to scream for help, Arthur seized his playmate's sweater and tried in vain to pull him up. While Arthur was gone for help Billy slipped his hold and drowned.

MAIL-ORDER WRITER CONVICTED OF FRAUD

(BY A. P. NIGHT WIRE) CHICAGO, Oct. 31.—A jury in Federal Judge Lindley court after deliberating twenty minutes today found W. L. Needham, manager of the Musicians Self-Making Company, guilty of using the mails to defraud in obtaining money from various ambitious writers of lyrics who sent him compositions which they testified he promised to set to music and publish but failed to do so in many instances. A check or note of witnesses from cities in many States testified against him.

Victrolas and Victor Records

Victrola Model 405—\$250

A Phonograph for Every Requirement

In the Birkel Company's model phonograph department will be found Brunswick and Victrola phonographs in every style, wood and finish. Whether you want a small portable machine or one of the beautiful new art models, you will find it here at factory list prices and on terms that are surprisingly liberal.

Our stock of records includes practically every one listed in the Victrola, Brunswick and Vocalion catalogs, and new ones are released practically every day.

A visit to our comfortable and spacious department will solve the problem of selecting the phonograph best suited to your particular needs.

COCHRAN SPRINGS SURPRISE BY DEFEATING HOPPE IN BILLIARD MATCH

ANGELENO EASILY BEATS A WORLD'S CUE CHAMPION

Local Star Trims Title-Holder in Sixteen Innings, 500 to 230; Hagenlacher Downs Conti

(BY A. P. MORTIMER)

NEW YORK, Oct. 31.—Walker Cochran of Los Angeles furnished the surprise of the world's 18.2 ball line billiard tournament tonight, defeating William F. Hoppe, the title-holder, 500 points to 230. In defeating Hoppe, Cochran, the youngest American player in the tournament, made the highest run of the week, 146, and in finishing in sixteen innings, set up the best average, 31.4-16.

Hoppe, 46, of his game, never could get the balls rolling satisfactorily. Cochran, winning the match, drove the ball, but failed to count. Hoppe counted 19 and missed an easy carom.

MATCH HAND SHOT.

Both had difficulty making the balls behave at the outset, but in the seventh inning Cochran, after a short drive, got the balls to behave and counted 55. Hoppe missed a difficult shot from a half-draw. The score then was: Cochran, 11; Hoppe, 55.

Cochran had the "feel" of the balls and the control of the cue. On the heels of his run of 55 he counted 50, nearly with a run of the balls. Hoppe missed a shot and Cochran led 115 to 55.

Cochran got 45 in his sixth trip to the table and Hoppe, after making three good cushion shots, missed a shot. Cochran continued his streak in the tenth inning, clicking 107. 45 cushion shots. After seven three-ball shots, Hoppe got the balls together and ran 29, missing a pitch shot off the top rail. Score: Cochran, 302; Hoppe, 87.

MATCH LARGEST RUN.

Cochran, during the top rail shot, made his longest run of the tournament. He counted fifty, drove them to the count of 198. Driving again he went on passing Hagenlacher's high run of 121 against Hoppe Monday night. At 146 he had the cluster well in hand.

Cochran's run ended at 146 when he missed an apparently easy cushion shot. He then led Hoppe, 443 to 87.

Hoppe made 46 in his eleventh inning. His forty-sixth shot, the white balls frozen and he asked

that the balls be spotted, and missed. His twenty-fourth shot, a mass draw of four feet, was the most spectacular and daring play of the tournament. Cochran failed to count in his twelfth inning. Hoppe counted thirty-four and missed a long draw. Score: Cochran, 443; Hoppe, 167.

COUNTS TWICE.

Cochran counted twice in the thirteenth inning and Hoppe but once. Cochran made a good two-ball shot and clustered the balls in free territory. He soon split them, however, and failed on a three-rail shot after counting twenty-one. He then led 471 to Hoppe's 143.

Hoppe counted four in his fourteenth inning, then missed a three-cushion shot. Cochran missed a shot and Hoppe counted one. Hoppe then gathered the balls on the upper end of the table and was striking finely at the count of 557. He missed on a line-up after counting fifty-eight.

Hagenlacher, German champion, today defeated Roger Conti of France, 580 points to 151, in the world's 11.5 ball-line billiard championship. Conti never played poorer in a title tournament. His highest run was thirty-four. Hagenlacher had a high run of 114.

Conti's early game was the poorest seen in a championship match, while Hagenlacher, playing steadily, increased his string to 578 through sixteen innings against the Frenchman's small count of sixty-five.

VENICE BOXING RESULTS.

The following were the results of the Venice boxing bouts last night: Marty Burman vs. Leo Matlock, draw; Roy Sutherland vs. Gilbert Gallant, draw; Babe Brown vs. Johnny Conlon, draw; Jack my Hope, Jimmy Brown lost to Johnny McGraw; Billy Edge knocked out Jerry O'Keefe and Jesse James knocked out Battling Dane.

Toller Tornado

No small part of the sweeping Manual Arts attack on the gridiron is Junior Hanford, the human thunderbolt, who plays halfback.

PRESIDENTS TO GET REAL TEST

Lincoln Stacks Up Against Manual Arts Team

Toilers Favored to Win Grid Contest Tomorrow

Jefferson and Poly Elevens in Feature Game

Manual-Lincoln at Harvard Field, Jefferson-Poly at Washington Park

Franklin at Hollywood

Wither Franks, Mallette's Lincoln High gridgers will rise to unexpected heights tomorrow afternoon and upset Manual Arts' City League championship hopes, or else the Ballplayers are due for a further plunge down the 1923 ladder. The Presidents started the season well, defeating Jefferson 13 to 10, and Franklin 13 to 7. Verle Brennan's Poly club did what most people failed to expect last week, and bumped the Lincoln club 13 to 4.

It is doubtful if Mallette's crew will make more than a strong fight against the Toilers. Comparative scores would seem to give the game to the Manual team by at least three or four touchdowns. The Presidents, for a right team, are an excellent bunch of fighters, however, and may surprise the Artisans.

The Jefferson-Poly battle at Washington Park gives promise of being the real clash of the day. Brennan and Eddie Leaky have thrown together a heavy organization at Poly, and Jefferson has a terrific afternoon's work cut out if she is to make a dent in the Lincoln's beef trust. Coach Castello has a capable place kicker in Everett, and should the game get too close his valuable toe will no doubt come in handy. Fat Soules, who has been out of the Poly line-up for the early part of the season, returns tomorrow and will add much strength with his passing.

Hollywood is favored to hang in on poor old Franklin, although it is about time for the women to turn out. Ray Call's movie lads have won and lost a game, while the Klugebers are down the ladder with two defeats.

ZEV CANTERS HOME IN STAKE

Wonder Horse Announces the Autumn Champ

To be Shipped to Latonia This Afternoon

My Own in a Good Spin for Kentucky Classic

(BY A. P. MORTIMER)

NEW YORK, Oct. 31.—Zev today demonstrated that he is fit for the \$50,000 championship at Latonia next Saturday, when he will meet My Own in what may prove the deciding 3-year-old test of the year, by galloping to easy victory in the \$5000 autumn championship stakes, famous event of the closing day's card at the Empire City track.

The race at a mile for all ages proved little more than a workout for the conqueror of Papyrus. Zev, by Earl Sande and carrying 126 pounds, Zev breezed under the wire in 1:46 3/4, one length ahead of Broadhead, a stakeholder. Harry F. J. Whitney's Tryster was third and Larkin, the other starter, finished fourth after breaking away to run three-quarters of a mile before the race.

EXTRA SPIN.

Zev was worked an extra 400 yards by Sande, finishing the mile and an eighth in 4:18 1/4. The stakeholder then went to the post coupled with Broadhead at odds of 1 to 16 in the betting. Tryster set the pace for the first half-mile, after which Zev took command and was never threatened. Sande, who will ride Zev in the Latonia championship, left for Cincinnati tonight. Zev will be shipped tomorrow to Latonia.

CINCINNATI (O.) Oct. 31.—Added interest in the Latonia championship race in which Zev and My Own will compete was displayed by followers of the racing game with the arrival of My Own at Latonia today.

In charge of Preston M. Burch, and with a stablemate named Scotch Broom, My Own arrived at the track where on next Saturday will meet Zev.

(Continued on Page 3, Column 9)

OBSERVATIONS

INNOCENT BYSTANDER

W.M.H.

The efficacy of the forward pass as an offensive movement distinct from other methods of advancing the ball is being questioned more and more this season. So many games have been won and lost in the past few seasons by forward-pass plays that all teams have been perfecting a strong defense which makes it almost impossible to pull off the play with any appreciable degree of success.

Kento Rockno of Notre Dame, as smart a coach as there is in the country, still sees the forward pass only as a variation of play from regular formation. The ordinary variety of self-evident forward pass from either point of formation or some freak layout with the play spread all over the field is seldom from the Notre Dame category.

One of the local theaters a few days ago showed one of Notre Dame's touchdowns against the Army. It showed the Irish lining up in a regular formation from which anything might be sprung. The ball was passed and two of the backs dashed into the line as though it was a buck. The other two started the same way and then swung out around the end. Then as the Army secondary defense closed in on the runner, one of the backs who had gone into the line on the fake buck, dashed across behind the defense and the man with the ball simply lobbed it over the Army heads for a touchdown. It was a perfect example of football as it should be played.

Rockno uses the forward pass from a regular formation simply as a variation which increases the efficiency of all the other plays from the same formation. For Papa's great 1915 Occidental team used the same general theory, running 80 per cent of their plays from a peculiar punt formation with two men back. From this formation they bucked the line, ran the end, forward passed, punted, dropped-kicked or worked the rugby pass with great effect.

With U.S.C. idle this week chief interest centers in two conference games, one of which will be played between Occidental and Whittier at Whittier, and the other between Pomona and Southern Branch at Cudahy on Southern avenue. When Occidental ventures into the confines of Hadley Field the Tigers present the Quakers with about ten touchdowns and a handicap, partly owing to the slow condition of the field itself and partly because of the disadvantage of playing football while the local smart-alecks are hurling everything from epithets to pop-bottles at the visiting team.

Although both Pomona and Southern Branch have been defeated the general belief is that both teams are just about as strong as any in the conference. A large crowd is expected at each game and Occidental and Pomona are generally picked to emerge victorious although neither is enough of a favorite to brag about.

BEARS FEAR HENDERSON

California Captain Says Andy Smith Knows His Team Will Have Hard Fight

BY DON NICHOLS
(EXCLUSIVE DISPATCH)

BERKELEY, Oct. 31.—The fact that U.S.C. was able to come back the way she did last Saturday and defeat the powerful Stanford team 14 to 7 was indeed a surprise to most all the conference football fans and is very much to the credit of the U.S.C. players and coaches. While the writer still believes the Stanford team to be stronger than U.S.C. the Trojans got the breaks and were able to take advantage of them.

Many football games are won because of one little mistake upon the part of a team and the ability of the opposing team to take advantage of this mistake and turn it into a touchdown or a field goal which finally results in a victory. Stanford made her mistake when she failed to give protection to her kicker who was somewhat slow in getting his kicks off. Out of four blocked punts U.S.C. recovered two which resulted in winning the game for her with the fourteen points they netted.

STANFORD STRONG

Stanford showed she had a great deal of strength when she carried the ball down the field gaining good yardage and finally sending Murray over for a touchdown. The whole match being done almost entirely on straight football. U.S.C. so badly, but the thing that started them on their march was a mistake or blunder by U.S.C. in the early part of the game. Rice, U.S.C. center, passed the ball over Otto Anderson's head and Washington recovered on

Light Breezes Put Check on Schooner Tilt

(BY A. P. MORTIMER)

HALIFAX (N. S.) Oct. 31.—The Canadian schooner Blue Nose and the American challenger Columbia were unable to complete their second race today for the Fishermen's trophy because of lack of wind. In five hours they sailed less than twenty-five miles of the thirty-nine mile course, the Columbia in the lead most of the way. When it became apparent that they could not finish within the six-hour time limit, the race was called off.

The wind died down as the boats were sailing and began to blow as though the race might not finish within the time limit of six hours. It took an hour and a half to sail six miles to the first mark, which the Columbia turned first, a minute in the lead.

WASHINGTON FROSH PLAY TWO GAMES

(BY A. P. MORTIMER)

SEATTLE, Oct. 31.—The University of Washington freshmen football team will play two games this week, according to an announcement today. The first game will be played at Lacey, Wash., against the St. Martin's College eleven and the second contest will be fought Saturday against the Ellensburg Normal School of Ellensburg, Wash., on the local stadium gridiron. The St. Martin's game was expected to be the stiffer of the two tussles.

BULLOCK'S STORE FOR YOUNG MEN

Overcoat \$23.75 For The Smart Young Man

An Excellent Value!

—Correctly cut and carefully tailored, with that "difference" which distinguishes the smart from the merely passable.

—Young Man's general knockabout coat in tan, brown, gray, green heather and brown heather wool—double, faced fabric with plaid lining. Double breasted, belted, convertible collar, patch pockets and raglan sleeves. Sizes 34 to 40—a really unusual value at \$23.75.

Built up to Bullock's exacting standards of style, workmanship and fit.

—Bullock's Store for Young Men, Fifth Floor.

BOND BANKERS OPPOSE BONUS

Investment Houses Say Law Will Retard Nation

Seaman's Act Modification is Recommended

Government Urged to Retire From Shipping Trade

(REUTERS DISPATCH) WASHINGTON, Oct. 31.—Opposition to a soldiers' bonus was expressed in resolutions adopted at the closing session of the annual convention of the Investment Bankers' Association of America today. The resolutions, which were presented by Thomas M. Dyer, of St. Louis, chairman of the Committee on Legislation, declared that "the payment of a bonus to the United States to the able-bodied ex-service men would require an increase or continuance of burdensome taxation and would retard the disposal of our exportable surplus and further tend to prevent the prompt return of this country to full prosperity."

Another resolution expressed confidence in the fundamental principles underlying the Transportation Act of 1920, and the present Federal budget system was approved.

ELECT OFFICERS

John W. Prentiss of Morbawer & Weeks, New York City, was elected president of the association, succeeding John A. Prescott of Kansas City.

Five vice-presidents were elected, including Walter S. Brewster of Chicago; Philip S. Dalton of Boston; J. A. Foster of Toronto; Arthur Sinclair, Jr. of New York; and Eugene S. Thompson of Washington. Frederick R. Penlon of Chicago, was elected secretary and John G. Brodgen of Baltimore, treasurer.

Modification of the LaFollette Seaman's Act and other steps to relieve American ships of handicaps in competition with foreign vessels were recommended in a report of the committee on marine securities approved by the convention.

The convention report which was submitted by McPherson Browning of Detroit, chairman, declared that the situation relative to marine securities will continue unsatisfactory until some support is given American shipping companies. The report asserted that the government can well afford in some degree to help sustain direct or indirectly those shipping lines which conform to certain standards.

ADDRESS BY NEW

It was urged that the government retire from the shipping business as soon as possible without interfering with existing needs or trade.

Agitation against fraudulent securities has resulted in reducing the present number of legitimate investment offerings to a very low point, according to a report of the fraudulent advertising committee. Addresses describing the attacks by the Postoffice Department on fraudulent promoters were made by Postmaster-General New and H. J. Donnelly, assistant solicitor for the Postoffice Department.

CONSULATE IN ENGLAND REINSTATED

Difficulties Over Charges Against American Officials Are Surmounted

(REUTERS DISPATCH) LONDON, Oct. 31.—A settlement of the controversy over the American consulate at Newcastle-on-Tyne has been reached between Foreign Secretary Curzon and American Ambassador Harvey and, according to Mr. Harvey, the consulate will be reopened within a fortnight.

The Newcastle consulate was closed on February 2, last, after the British government had withdrawn the credentials of Consul Fred C. Slater and Vice-Consul Russell M. Brooks, on charges that they had attempted to divert passengers from British to American steamship lines by making difficulties over the issuance of visas to passengers not traveling on American boats, and further by hinting that the passengers were liable to encounter inconvenience in the United States unless they traveled by American lines.

The American State Department, after an investigation, censured the officials. Considerable diplomatic correspondence ensued, the United States refusing to compromise on the matter.

CHINA MAY ASK AID FOR ALIEN REFUGEES

(REUTERS DISPATCH) PEKING, Oct. 31.—The foreign diplomatic corps, in a memorandum to the Chinese foreign office, has suggested that China take up with the League of Nations the question of relief for destitute Russians within Chinese territory. It is understood that J. B. De Freitas, Portuguese Minister to China and dean of the foreign diplomats here, has called the League direct on the subject. Russian refugees in China are in a desperate plight and present a most acute problem. The resources of both Chinese and foreign charities are taxed to the utmost and many Russians are known to be facing death from starvation and privation, his coming winter.

PHOENIX WOMAN WINNER

(REUTERS DISPATCH) PHOENIX, Oct. 31.—Mrs. Louise Gage Bennett has been elected winner of the Phoenix Union High School district, the first woman ever so honored. The election was spiritedly contested, Mrs. Bennett winning by a vote of 131 to 78 over J. M. Stewart, who for several years had been a member of the board and its chairman.

Out put of horse-drawn vehicles has declined 67.5 per cent in the past seven years.

Mexicans Free American Held for Long Period

(REUTERS DISPATCH) MEXICO CITY, Oct. 31.—Robert A. Newman, an American, who was kidnapped on April 24 by Juan Galindo, a bandit leader, was released today, according to official information received here. Mr. Newman is now on his way to Durango City with W. C. Bishop, a resident of that town.

Mr. Newman is in good health and shows little effect of five months with the bandit gang in the Durango Mountains. His release was brought about through co-operation of the United States Embassy and the Mexican government. Galindo demanded a ransom of \$15,000, but Mr. Newman refused to permit his friends to pay the money. However, it is believed here that some money was paid to secure his release.

BLAME FOR DELAY OF RAIL LINE IS PLACED

(REUTERS DISPATCH) PHOENIX, Oct. 31.—"The Phoenix and Tidewater Road opposed by old carriers."

of the Tucson, Phoenix and Tidewater Railroad," according to the Tidewater's president, James S. Douglas, who returned to Phoenix today from France and New York. He stated: "The people want this railroad built and they know the opposition to it is based solely upon the selfish desire of the old roads to monopolize the field. Right now the fight centers upon rights of way." The Tidewater hopes to enter Phoenix over a duplicate Southern Pacific line from Mesa.

J. S. Dodson, chief deputy of the banking department, just returned from Tucson, states that the affairs of the Arizona Building and Loan Association of that city are in a badly mixed condition and that he has placed the institution in the hands of Carl Holmeister as special receiver. The association was organized twenty-three years ago by John Mota, who died a few days ago, and who was secretary in general charge. Mr. Dodson tells that the reports of the institution to the banking department are at variance with its books and records. The association had no deposit of \$10,000 with the State, as required from similar associations of more recent formation.

The City Council has set the 19th inst. for a hearing at which shall be considered a drafted order for redemption of the franchise of the Phoenix Street Railway Company. Eight allegations are made of failures to comply with the provisions of the franchise ordinance, which was passed in 1922.

Spicy Breeds

Fussy diner: Walter, switch off that electric fan; it's waiting the flavor of that gentleman's sausages into my soup.—[Boston Transcript.]

SMALLPOX ON TRAIN; TRAVELERS DETAINED

(REUTERS DISPATCH) SAN FRANCISCO, Oct. 31.—Owing to a case of smallpox aboard a Western Pacific train which arrived at Oakland today, twenty-three passengers were quarantined and vaccinated by order of the State Board of Health. Louis Hoppe of St. Louis became ill en route, his illness being diagnosed at Sacramento as smallpox. Most of Hoppe's train companions were residents of Los Angeles or the San Francisco Bay region. They made no complaint when vaccinated and detained.

DIES FROM TAKING POISON BY MISTAKE

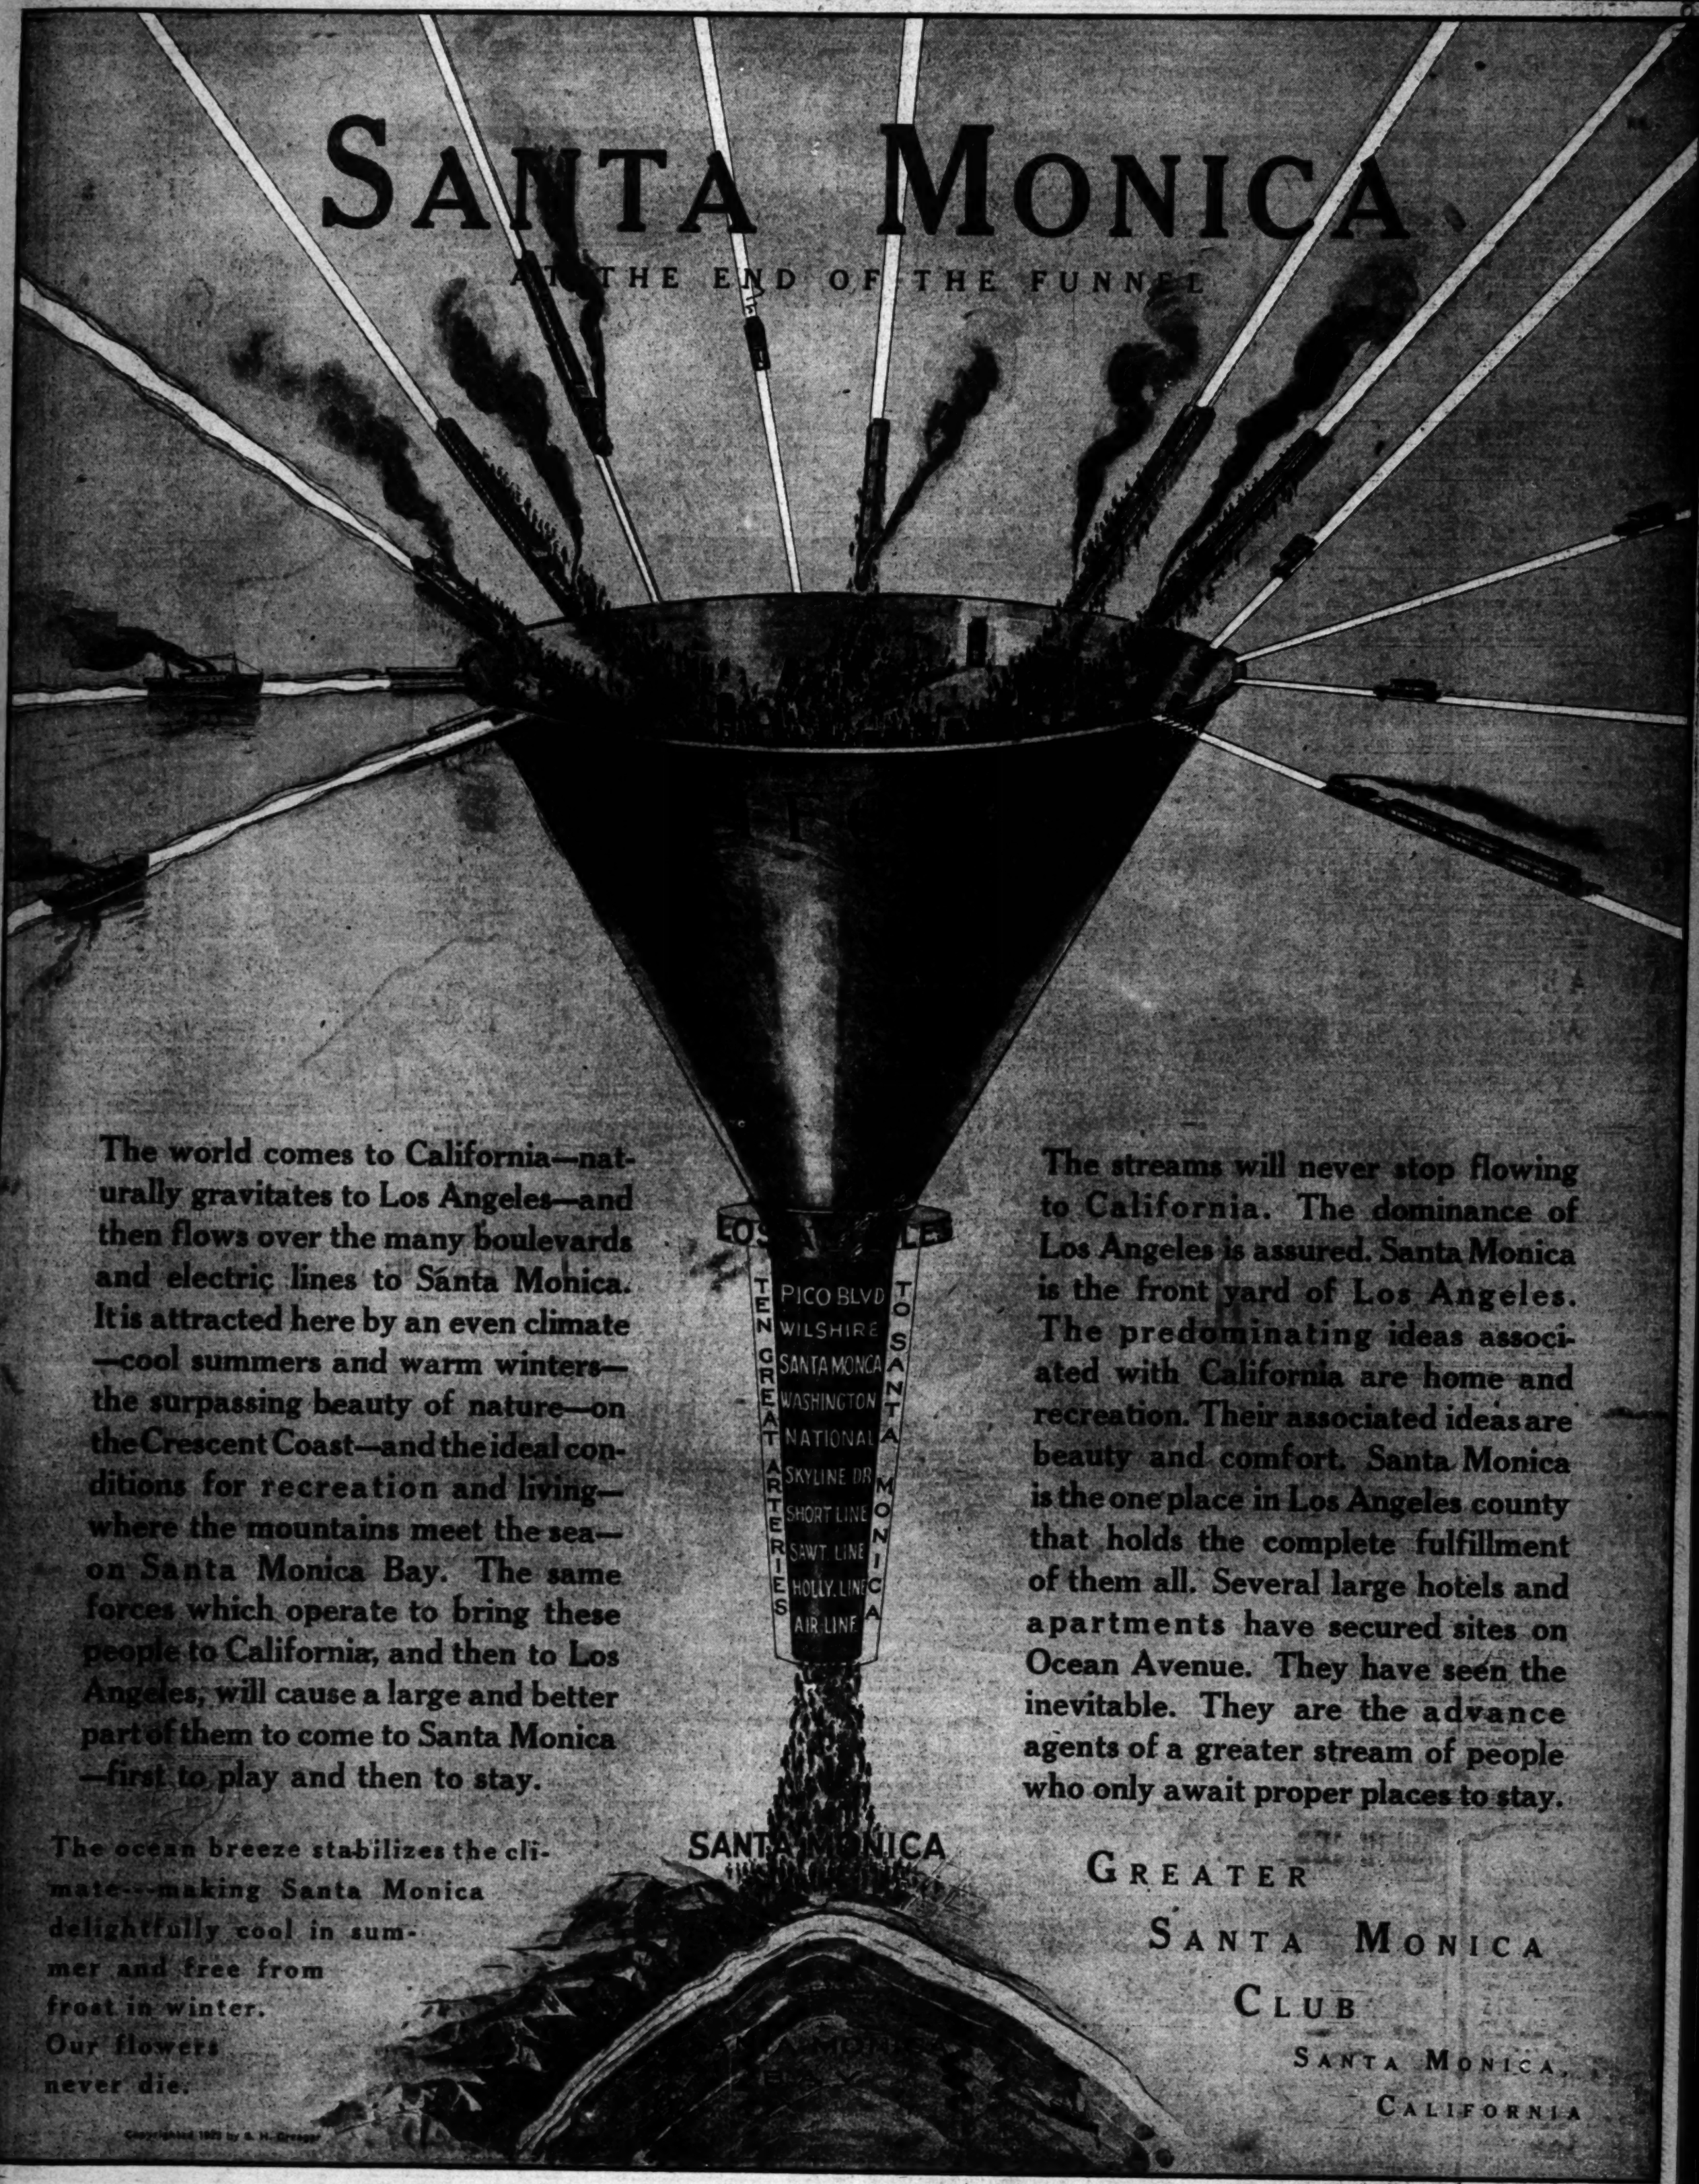

(REUTERS DISPATCH) WINNEPEG, (Neb.), Oct. 31.—Reese Erttinger, 17 years of age, a high school girl, took poison by mistake after returning from a dance last night and died a few moments later. Members of her family said that she had mistaken the poison for medicine. The coroner's jury also determined after an investigation that there was no evidence of suicide.

GALES STRIKE SPAIN

MADRID, Oct. 31.—Violent gales and heavy rains have caused enormous damage to the crops, especially oranges, in the provinces of Valencia and Alicante. The rivers are flooded.

SANTA MONICA

AT THE END OF THE FUNNEL

The world comes to California—naturally gravitates to Los Angeles—and then flows over the many boulevards and electric lines to Santa Monica. It is attracted here by an even climate—cool summers and warm winters—the surpassing beauty of nature—on the Crescent Coast—and the ideal conditions for recreation and living—where the mountains meet the sea—on Santa Monica Bay. The same forces which operate to bring these people to California, and then to Los Angeles, will cause a large and better part of them to come to Santa Monica—first to play and then to stay.

The ocean breeze stabilizes the climate—making Santa Monica delightfully cool in summer and free from frost in winter. Our flowers never die.

The streams will never stop flowing to California. The dominance of Los Angeles is assured. Santa Monica is the front yard of Los Angeles. The predominating ideas associated with California are home and recreation. Their associated ideas are beauty and comfort. Santa Monica is the one place in Los Angeles county that holds the complete fulfillment of them all. Several large hotels and apartments have secured sites on Ocean Avenue. They have seen the inevitable. They are the advance agents of a greater stream of people who only await proper places to stay.

FORMER BANKER GOES ON TRIAL

Charged With Robbing Own Institution

Asserted to Have Planned Entire Job

Attention of Wisconsin is Centered on Case

ALMA (Wis.) Oct. 31. — When Judge George Thompson convened the fall term of Circuit Court for Buffalo county here, the most important case scheduled for trial was the State of Wisconsin vs. George B. Orady, former vice-president of the Mondovi State Bank of Mondovi, Wis., who is charged with conspiracy to rob a bank with robbing a bank and with being accessory before and after the fact, in connection with the robbery of the bank on December 23 last.

FATHER IS BANKER
Because of the sensational features connected with the Orady case and the prominence of his defendant, whose father, H. F. Orady of Orady, is a leading lumberman and banker, and father-in-law, Frank Pierce of Menominee, is president of the First National Bank there, the trial is attracting wide attention.

ROBBERY INSIDE JOB
Orady, Ed Pericot, real estate dealer and horseman of Durand, Wis., and Arthur Cantrell, garage owner of Downsville, Wis., were arrested several months later, charged with being implicated in the robbery, which detectives said was an inside job. According to the allegations of the State, the trio hired Charles Bladd and Alfred Meyers, St. Paul, to carry out the actual robbery, this paid to get \$2500 apiece for their work.

The State contends that the robbery was pulled, that Bladd and Meyers got safely to St. Paul, that Pericot and Cantrell went to St. Paul, got their share of the money from the two robbers, and returned to Durand, where the swag was evenly divided between the three. The State says it has signed confessions by Bladd and Meyers, who are now doing time at Stillwell, Minn., for a creamery robbery, implicating Orady, Pericot and Cantrell.

The three defendants pleaded not guilty and were released on bonds.

Fascisti March in Celebration of Anniversary

IST CABLE AND ASSOCIATED PRESS
ROME, Oct. 31.—The Italian Fascisti and their supporters united today for the celebration of the first anniversary of their rise to power. It was a year ago today that the Fascisti army, after taking over the other large cities, entered the capital and paved the way for the Mussolini government.

AGED MAN VICTIM OF LOVE SWINDLE

FARMER LOSES \$18,000 IN COURTSHIP OF WOMAN AT MINNEAPOLIS

SON REFUSES TO ASSIST STOKES

"Weddie" Asserts He Has
Enough Troubles

Heir to Millions Breaks
With His Father

Named Co-respondent in
Original Action

(EXCLUSIVE DISPATCH)
NEW YORK, Oct. 31.—An un-
expected development that threat-
ens to complicate further the trial
of the sensational Stokes divorce
drama in the Supreme Court was
revealed today.

W. E. D. Stokes, Jr., favorite son
and heir to the bulk of the \$10,-
000,000 realty holdings of William
E. D. Stokes, is said to have brok-
en with his father over the lat-
ter's insistence that he testify
against his step-mother, Mrs. Hel-
en Etwood Stokes, whom Stokes is
suing for absolute divorce.

FEELS SON'S REFUSAL

The blow given Stokes by his
son's refusal to obey instructions
and take an active part in the
divorce fight, the aged litigant ap-
parently feels keenly.

Hardened by domestic difficulties,
Weddie, the nickname he lovingly
bestowed on the young man, was
close to his heart, and probably
the only being Stokes cherished.

It is alleged that Weddie left
Chicago to avoid service in Mrs.
Stokes's \$100,000 suit charging
defamation of character, called on
his father here and after a stormy
interview, departed for Havana
where he is now suffering from
incipient melancholia.

NAMED CO-RESPONDENT

Young Stokes, who is now 27,
was named in his father's first suit
as a co-respondent and accused of
unlawful intimacy with Mrs. Stokes
when he was not quite 15. His
name was later dropped.

When pressed to come to the aid
of his father, Weddie, whose moth-
er, Mrs. Rita D'Acosta Lydie, di-
vored Stokes in 1904 and whom he
had sufficient troubles of his own,
Weddie was graduated from the
University of Chicago last June
and is a member of a law firm in
Chicago.

APPEAL OF WOBBLIES TO HIGH COURT WON

EUREKA ORDINANCE AIMED
AT UNION IS HELD TO
BE ILLEGAL

(BY A. P. DAY WIRE)

SACRAMENTO, Oct. 31.—An
ordinance of the city of Eureka,
making it unlawful to distribute
and print literature of the Indus-
trial Workers of the World, to-
day was declared unconstitutional
and void in an opinion handed
down by the District Court of Ap-
peal.

The court made this ruling in
ordering the release of Jack Camp-
bell, Neale King, William Smith,
Thomas Parr and Fred Erwin, ar-
rested on a charge of violating the
ordinance, on a writ of habeas
corpus.

In passing the ordinance the
court held that the city officials
presupposed or presumed that
the I.W.W. is an organization
formed to advocate unlawful acts,
without attempting to offer proof
of the existence of the element of
crime. As the ordinance reads, the
court said it would subject a per-
son to punishment for circulating
harmless literature.

"There can be no doubt," said
the opinion, written by Justice
E. J. Hart "that the section in
question is violative of Section 9,
of Article I, of the State Consti-
tution, guaranteeing to every citi-
zen the right freely to speak, write
and publish his sentiments on all
subjects. Furthermore, it clearly
involves an invidious discrimina-
tion against a particular organ-
ization or society of people."

JEALOUSY CHARGED

Detroit Man Says Wife Became
Nuisance to Employees

DETROIT, Oct. 31.—In his peti-
tion for divorce, filed in Circuit
Court, Frank W. Durant asserts his
wife Alexandria was so jealous that
she habitually telephoned his office
four or five times a day to be sure
he was there. So far from caring
this telephone espionage, accord-
ing to Durant, that she even called
up his employers, officials of the
Dodge Brothers factory, and an
annoying did her constant tele-
phoning become that his employ-
ers finally warned him that unless
a stop was put to it he would be
dismissed. The Durants were mar-
ried April 5, 1916, and separated

HORSEWHIPPING LEADS TO CELL

Man Convicted of Beating
Girl Gets No Mercy
From Jurors

BELMONT (N. Y.), Oct.
31.—John K. Melnick, a
wealthy hardware merchant
of Belfast, was sentenced
to serve a year in the Mon-
roe County penitentiary and
to pay a fine of \$500 for
horsewhipping Lillian Wood,
his 19-year-old niece and
ward, who is a school
teacher. The attack took
place last June while his
niece was living with him.
His wife questioned the girl
about a personal matter,
and when she could get no
information called her hus-
band, who struck her niece
with his fist, forced her to
remove her dress and horse-
whipped her. The girl was
not allowed to see a
doctor until a week later,
when she still had a black
eye, a broken nose and
many unhealed wounds on
her back.

\$1 Buys a Tire 1¢ Buys a Tube!

Car owners of Southern California, this is without question the most extraordi-
nary and amazing sale of tires and tubes ever brought to your attention! An unheard-
of opportunity for saving money on new tire equipment.

For three days—beginning Thursday, November 1, and ending Saturday
night, November 3—to every customer purchasing one tire at the regular list
prices, we will give an extra tire for \$1. And to everyone purchasing one
tube we will give an extra tube for 1c. In other words you practically get
two tires or two tubes for the price of one.

Every tire and every tube guaranteed "firsts"—including such stand-
ard makes as Goodrich, Firestone, Goodyear, United States, Fisk, Hendrie,
Eclipse, Dominant, etc. etc. both cords and fabrics. All sizes!

**A Deposit of \$2.50 Will Hold 2 Tires
and 2 Tubes for Five Days!**

STOMACH UPSET?

Get at the Real Cause—
Take Dr. Edwards' Olive
Tablets

That's what thousands of stomach
sufferers are doing now. Instead of
taking tonics, or trying to patch up
a poor digestion, they are attacking
the real cause of the ailment—clogged
liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse
the liver in a soothing, healing way.
When the liver and bowels are per-
forming their natural functions, away
goes indigestion and stomach trou-
bles.

Have you a bad taste, coated
tongue, poor appetite, a lazy, don't-
care feeling, no ambition or energy,
trouble with undigested foods? Take
Olive Tablets, the substitute for
salmon.

Dr. Edwards' Olive Tablets are a
purely vegetable compound mixed
with olive oil. You will know them
by their olive color. They do the
work without griping, cramps or pain.

Take one or two at bedtime for
quick relief. Eat what you like. 35c
and 50c.—Advertisement.

CUT THIS OUT—IT IS WORTH MONEY

Neuritis Pains

Quickly Vanish

The sharp cutting pain from Neu-
ritis—whether it exists in the arm,
shoulder, neck, thigh, leg or back—
can now be promptly relieved without
the use of narcotics or habit-forming
drugs of any kind. Just take two
Epsa Neuritis Tablets in a glass of
hot water and see how quickly they
will do the work. If pain is severe
repeat this treatment every hour until
fully relieved.

Epsa Neuritis Tablets contain no
"dope"—nothing that is the least bit
injurious. They are remarkably
soothing and healing in their action,
gradually helping to remove the nerve
inflammation which causes all your
pains and aches.

Leading druggists everywhere carry
Epsa Neuritis Tablets in stock. Get
a one-dollar package today and begin
to enjoy some real comfort. You'll
say it is worth many times the price.

For sale by the Owl Drug Stores
and all other leading druggists.

WOMAN SO BLUE SHE CRIED

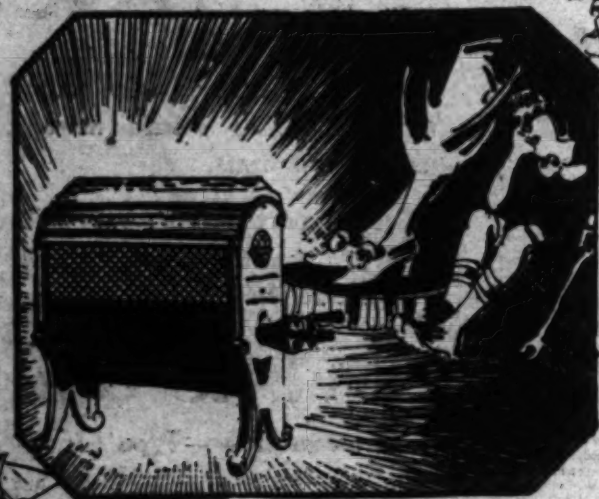

Because of Ill Health—Tells How
She Found Relief by Taking Lydia
E. Pinkham's Vegetable Compound

Burlington, Ia.—"I used to dread
the time for my monthly period as
it came every two
weeks and lasted
for two weeks, and
during that time I
would have the
blues and cry.
Since I have taken
Lydia E. Pink-
ham's Vegetable
Compound I am so
happy I can hardly
express myself. I
have gained sev-
eral pounds and
look fine. I have recommended your
medicine to my friends and you may
publish my letter as a testimonial. I
hope your medicine will give others the
relief it did me."—Mrs. RALPH GALT,
2021 Des Moines St., Burlington, Ia.

Lydia E. Pinkham's Vegetable Com-
pound is a medicine for ailments com-
mon to women. It has been used for
such troubles for nearly fifty years,
and thousands of women have found
relief as did Mrs. Galt, by taking this
splendid medicine.

If you are suffering from irregu-
larity, painful times, nervousness,
headache, backache or melancholia,
you should at once begin to take
Lydia E. Pinkham's Vegetable Com-
pound. It is excellent to strengthen
the system and help to perform its
functions with ease and regularity.

TOBIAS

The Heat That Glows

THAT is the best kind of heat to remove the chill from the air in the mornings. That is the cheerful kind of heat most welcome at night. That is the kind of heat you get from the TOBIAS. SANTA FE FIELD SLUMPS

Drop in Production of 60 Per Cent Predicted Within Five Months

A substantial drop in the oil production of the local fields is indicated by figures just made public by Rodney Durkee, comptroller of the General Petroleum Corporation. Diminution of output by flowing wells is to be expected but Mr. Durkee says the falling-off is even greater than experts anticipated. This is apparently due to the great number of wells put down in most of the producing areas.

"Our estimates showed that the production of our Santa Fe Springs holdings during October should be at least 1,172,000 barrels," said Mr. Durkee. "As a matter of fact it actually is not more than 1,140,000, which is 32,000 barrels less than we figured. This discrepancy is not great considering the volume of total production, but it is an error on the wrong side, when as a general rule such errors are on the other side. Our estimates are reached with extreme conservatism."

DROP IS GENERAL
"Our estimates, based on what we supposed to be the normal depletion of the field, and including the production of new wells, show that in March, 1924, our total production in the Santa Fe Springs field should be 544,000 barrels, which is just half the estimated production for October. If our estimates are as far off for the next few months as they have proved to be for the month of October the March production may be less than 40 per cent of the October production."

The decrease is greatest in the Santa Fe Springs field, according to Mr. Durkee, but the Signal Hill field production is also going down. In this connection he notes that, according to the figures of the General Petroleum Corporation, the Santa Fe Springs field production dropped below the production of the Signal Hill field last week, for the first time since Signal Hill dropped behind early last summer.

GAS DOWN, TOO
"While it is true that both Signal Hill and Santa Fe Springs are decreasing," said Mr. Durkee in this connection, "the gas production is also dropping."

WARNS WOMEN OF AUTOS

District Attorney's Office Gets Many Complaints as Result of Girls Accepting "Lifts"

Warning was given yesterday to women of Los Angeles by Dep. Dist. Atty. McClelland, in charge of the complaint department of the District Attorney's office, to be careful in accepting offers of automobile drivers to give them a lift by a short ride.

Mr. McClelland stated that already this week six complaints have been made to him of cases where women, especially young women, accepted offers of short automobile rides and were driven far away from their intended destination and then attacked by the automobile driver.

Several investigators of the office are now trying to find the men implicated. It was stated that in many cases it is hard to find the offenders, as the women do not know them.

One young woman reported that she was going to Hollywood and was waiting for a street car when a man stopped his automobile and asked her whether she was going far. She told her destination and the man replied that he was also on his way to Hollywood and would give her a lift that far. Instead, he took her to Santa Fe Springs and attacked her.

A young Hollywood girl accepted a ride and was taken to Santa Monica where her companion attempted to attack her. She screamed, she informed Mr. McClelland, and the man threatened her. The young woman's screams attracted the attention of two officers, who chased the car, shooting at the tires. The driver of the pursued car escaped.

The young woman eluded him and returned to her home.

HUSBAND DOUBTS REFORM PROMISES

"DADDY" SKEPTICAL WHEN WIFE WOULD RETURN; GETS DIVORCE

Alexander Basil heard his wife Elizabeth promise to reform so many times he finally ceased to believe her, according to his testimony in Judge Clock's department in the Superior Court. Yesterday he was granted a divorce on the grounds of desertion. He stated that his wife had run away with another man.

A pathetic letter from the wife asking for forgiveness was introduced in the evidence. It read in part:

"Dear Daddy: 'There is nothing that I can do or say to redeem myself with you. If you ever find it in your heart to forgive me I will come home and be better than I have ever been before. They say to make mistakes is only human but to forgive is divine. I am human. Can't you be divine? But Daddy, I haven't the heart to ask to be forgiven again.'"

Basil declared that he could not forgive his wife.

"I did not believe she was sincere because she was living with the other man at the time she wrote the letter," he stated.

COUNCIL CUTS LICENSE FEES

Downward Revision Will Save \$600,000 to Business Firms

The City Council yesterday adopted the ordinance fixing the license fees charged Los Angeles business establishments, and the new schedules, which will save \$600,000 a year to taxpayers, will become effective January 1. The license fees are restored to practically what they were previous to 1920, and the occupational tax features of the ordinance imposed then are, under the new ordinance, repealed.

LOS ANGELES EXCHANGE

Speculative enthusiasm evident on the "big board" yesterday failed to excite interest in stocks listed on the Los Angeles Stock Exchange, and prices closed practically unchanged. The outstanding fluctuation was in Low Angeles Investment, which advanced 6 cents to a final price of 1.84.

U. S. Royalties finished at a gain of 1/4 cent on a closing quotation of 33 1/2 cents. Union Oil of California was unchanged at 101, while Shell Union climbed 1-1/2 to 127-1/2.

Gold Trust transactions provided the mining list with its only variation of importance, rising 1 cent to 1 1/2. Black Range sold at 5 cents. Outman United at 6 cents and Simon Silver at 3.

Sales were executed in Southern Counties Gas preferred at 24 1/2, and in First National Bank at 17. In Security Trust and Savings sold at 80.

Strength was evident in the bond list. San Joaquin Light and Power common 6s of 1930 advancing 1-8 to 97 1/2, and Southern California Telephone 5s of 1947 selling up 1-4 to 81-3/4. Western States Gas and Electric 6s of 1947 gained 1-8 to 97 1/2, and Southern California Telephone 5s of 1947 selling up 1-4 to 81-3/4.

Following are the closing quotations and sales:

DAILY MARKET LETTER OF THE NEW YORK COMMERCIAL

(EXCLUSIVE DISPATCH)
NEW YORK, Oct. 31.—There is an active demand for holiday lines of dried fruits coming in from the retail grocery trade, jobbers reported. The volume of business in metropolitan territory is running slightly ahead of that for the corresponding period last year.

One reason for the brisk business now being done is the fact that the holiday season this year is about two weeks ahead. Early arrivals of dates, figs and other fruits were available for retail distribution this year earlier than during the 1931 season and the whole sale business has been running on shipments in an effort to spread the distribution over as wide a period as possible, instead of handling the bulk of the sales within a comparatively short space of time.

Trading in the market for so-called staple dried fruits was quiet today. Prunes are steady, but are moving only in a small way on spot. Raisin sales are limited to late at 8 1/2 range of 10 to 11 small cans. Peaches held about steady under quiet trading.

FRUIT
There was a stronger market for California Valencia oranges, 21 1/2 and smaller, and a few standard sizes remained unchanged. Sales totaled twenty-four cars of 21 1/2 to 22 1/2 range of 10 to 11 small cans. California lemons met with a good call, eight cars being sold at a range of 12 to 14 1/2 per box. Florida oranges sold at a range of 11 1/2 to 12 1/2 per box.

CANNED FOODS
Pineapple corn, which opened this year at \$1.25 per dozen, has worked up to \$1.50 and \$1.60 per dozen, canners for prompt shipment on the few small lots still available in first grade. Standard canners are meeting good inquiry. Canners quote 31c to 31 1/2 per dozen for first grade. Shippers and all were steady. Public utilities were in fair demand. The extremely tight offerings this week are causing many investors to turn to the listed issues.

SUGAR
With business in raw and refined sugar practically at a standstill for the greater part of today, the futures market after showing an initial loss of 3 to 5 points drifted downward until late in the afternoon it had gained 10 to 15 points, the break of 3-1/2 of a cent in prices for Cuban raws to a level of 5-1/2 cents cost and freight had not gone out until after the close. Hence the list was fairly steady at the end of the day with sales estimated at \$110 tons.

A sharp drop in the amount of 3-1/2 cents a pound in raw sugar prices was placed into effect late in the afternoon. The market for 27,500 bags of Cuban raw sugar at 5-1/2 cents cost and freight is equal to 7.05 cents delivered.

Partly because of the successive cuts which have been made in raw sugar and due to no small measure to the keener competition from beet sugar the refined sugar market was in a state of waiting today. Offers from second hands were limited, however.

COFFEE
Rumors of small failures among coffee shippers in Brazil made for uneasiness in the local futures market. The unsettled and weak markets in Brazil produced an initial decline in the amount of 12 to 15 points in the afternoon, realizing on the part of trade interests as well as in Europe. Later the market rallied 5 to 8 points. All of this was subsequently lost, however, when prices weakened 8 to 10 points in the early afternoon.

The day's low point was reached near the close with the list of 19 to 24 points on sales of 65,000 bags including switch from October to September at 15 points and from December to July at 12 1/2 points.

TEA
Due to a falling off in quality a decline amounting to 1 cent a pound occurred in Ceylon teas at the auction sales held in London this week. Other prices were on a steady scale.

RICE
Declines in rice report conditions in the southern markets continue firm. Weather conditions have continued unfavorable. Despite the fact that spot stocks of foreign rice are moderate only fair demand has been coming out from any direction.

BEANS AND PEAS
There appears to be a liberal supply of new crop peas and beans on the market and with indifferent demand, the tone is weak. Sellers display no anxiety over the situation arguing that colder weather consumption is bound to pick up. The position of old crop foreign whites has been weakened materially with the advent of new stocks of domestic. Red kidney beans are easier. Lima and split peas are steady. Lentils are doing better but values do not improve.

BUTTER
The butter market opened strong. Buyers found there was a shortage of the table grade and sellers at once jumped the price of creamery to 60c an advance of 10 compared with yesterday's quotation. The make is falling off very fast in many parts of the west and northwest. It must be remembered that not much foreign butter at a duty of 8c per pound can be expected to come in. Call sales were 100 tubs Danish extras seller November at 45 1/2c.

EGGS
The egg market retains all the bullish features of the stomach of a developed to forcibly earlier in the week with prices again advancing 2c per dozen under quiet trading.

A shortage of new laid quality has not been relieved by current receipts nor do advices from the west and other sections indicate that seaboard points will receive much stock next week. The demand for storage eggs is increasing.

Pacific Coast white extras, 7 1/2c.

NOTHING FOR SALE

enjoyed watching the luckless motorists sliding down hills. In Hill, the driver might be punished for a time as if skidding could not be avoided. Cars that moved only at a snail's pace were allowed to lock their rear wheels and

REALTY DEALS FOR DAY MORE THAN \$9,000,000

Ten Large Structures and Three Long Leases of Property Among Transactions

Three height-limit buildings for Hollywood, Long Beach and Los Angeles, three six-story structures, a four-story hotel, three ninety-nine-year leases and other smaller deals are included in new realty and building transactions consummated yesterday. Including the purchase and lease of property sites it is estimated that a sum in excess of \$9,000,000 is represented in the various negotiations.

Announcement was made that plans are being formulated for the erection of a height-limit hotel in Hollywood under the supervision of George Wesley Davis, former manager of the Hollywood Hotel. Two sites are under consideration and, according to Mr. Davis, final selection will be made within a few weeks.

Prominent motion-picture magazine, actors and writers in the Hollywood colony are associated with Mr. Davis in the project, it is stated. They include Mary Pickford, Douglas Fairbanks, Herbert Hughes, Kane Grey, Hector Turnbull, Gertrude Allen, H. C. Wither, George Randolph Chesley, F. B. O'Connell, P. J. Connelley, Charles Norris and Porter Ellis.

PROFESSIONAL BOUGHT
A. C. Blumenthal and associates announce the purchase of property at 723-40 Grand View street at the future site of a six-story hotel. A ninety-nine-year lease is being secured for \$100,000, and a one-story garage to cost \$100,000. The lot has a frontage of 150 feet on Grand View, is 140 feet deep, and was formerly owned by May C. Wilson. It is reported that \$110,000 was paid for the building.

LARGE INVESTMENT
Present plans show that the history will represent an investment of more than \$1,000,000. Actual building operations will start in about sixty days and will be completed within a year. It is estimated that the proposed site of the hotel is within three blocks of the Hollywood business center and in the foothills. When the structure is completed it will be managed by Mr. Davis.

Plans are being prepared by Walker & Egan, local architects, for the erection of a two-story, four-unit apartment on the southeast corner of Ocean avenue and Lina Way, Long Beach, for a syndicate composed of Walter A. Brown, J. E. Keller and R. A. Adell. The San Marco Apartments, as it will be known, will cost in excess of \$1,000,000.

The apartment-house will be fourteen stories high on the ocean side and will be twelve stories high on the Ocean-avenue front. According to Mr. Brown, the group of men in the deal are forming a corporation to erect the building. More than 100 rooms are contained in the hotel, allowing approximately twenty-three apartments to each floor.

BANK PLANNED
Plans are being prepared for the erection of a height-limit bank building on the northeast corner of Main and Commercial streets, at a cost in excess of \$500,000, according to announcement by Dodd & Richards, local architects, who have been commissioned by the executive of the Pacific Southern Trust and Savings bank to start preliminary sketches.

The site has a frontage of forty-five feet on Main street and 115 feet on Commercial street, and is directly across from the Federal

Sixty-five Who Studied Together Back East Join Teacher in Reunion

Lady in white dress in center is Mrs. A. L. Stetson, and Mr. Stetson is on her right. The lady next (with headscarf) is Mary Cuykendall Grayson, 55 years young, who used to teach school at Farmington, Ill., and most of the crowd went to her school.

io broke up the plan and that the others abandoned it at last. The police estimated that the work done had taken the yeggs at least two months.

The drug company's visit is taken by eight feet in size, built of reinforced concrete.

Mrs. M. L. Martin, the woman in charge of the day nursery, stated last night that throughout the day the cottage is occupied by about half a hundred children of employees in a factory across the street. The shouts and laughter of the children, she said, have undoubtedly drowned sounds that the yeggs might have made while employed on their tunnel.

At night, Mrs. Martin said, she slept on a sleeping-porch in the rear of the house. She was the only night-compartment staff, she said, knowing nothing of the "sappers" burrowing beneath her home until so informed by police.

ty chain gang and fifteen years' experience for his participation in the attempt to steal the safe of the Ben Ton dance hall at Ocean Park last September. J. Walsh, No. 10, is the northwest corner of Ninth and Bonnie streets to L. C. Gold by Robert H. Parker, D. H. Trotter and H. Harrison. These sites, made by Joe Topitzky and associates, involve more than \$400,000.

James B. Martin has sold to A. C. Blumenthal syndicate a lot on the east side of Figueroa street, near Fourth street. The lease was acquired by a syndicate of local business men who plan to erect a four-story hotel on the site to cost \$100,000. The lot has a frontage of 150 feet deep, and is owned by Mrs. C. J. Baker.

LONG LEASE
Charles H. Hite of the Whitehead & Hite Company, real estate firm, announced the acquisition of a ninety-nine-year lease on the southeast corner of Seventh and Hoover, involving \$1,100,000. According to Mr. Hite, the corner was secured strictly as an investment and no improvements will be made. F. De La Guardia has leased the southwest corner of Wilshire Boulevard and Ramona for a period of ninety-nine years for an aggregate rental of \$1,325,000. No definite plans have been announced regarding the improvement of this property.

Other smaller sales include the sale of the southeast corner of Eighth and Oxford to Sophia Gold, member of the Walker & Egan firm, the building will have a frontage of 125 feet.

Other building projects being planned by the Walker & Egan firm include an eleven-story hotel to be erected on the corner of Wilshire Boulevard and New Hampshire for Joseph Schenk and A. C. Blumenthal at a cost of \$1,000,000. The hotel will be of reinforced concrete construction, faced on the exterior with pressed brick and terra cotta, and containing more than 150 rooms.

Walker & Egan are preparing plans for a Salt Lake City office building at the corner of Exchange Place between Temple and Main streets, at a cost of \$1,000,000.

Records are broken here

(Continued from First Page)

qualifications of gun-pointers. Next spring, when the battle fleet returns from winter maneuvers in the Caribbean, the Maryland will fire annual long-range battle practice, in which all eight sixteen-inch guns will be fired in a range exceeding 30,000 yards, she will then be a unit of the fleet.

HEAVILY ARMED
This trio of giant sea fighters, than which there are no more powerful or effective craft afloat, will form the front line of America's sea defense for the next decade. They are each 324 feet in length, with a beam of ninety-seven feet and a thirty-two-foot draft, and have a displacement of 22,500 tons. The Maryland and her sister ships are electrically driven, four General Electric motors delivering 13,500 horsepower to the four screws.

Their main batteries consist of eight sixteen-inch guns, mounted in twin turrets, each gun being sixty feet long and weighing 115 tons with a range exceeding fifteen miles. The Maryland, West Virginia and Colorado also each mount twelve five-inch guns, eight three-inch antiaircraft guns and are equipped with two twenty-one-inch torpedo tubes.

CARNIVAL SPIRIT PERVADES CITY

It looked for a time as though there would not be room to put them all. A large number of them, however, were taken care of in sumptuous banquet halls that opened off the main salon and others hid themselves into the sumptuous ball rooms that sparkled with thousands of lights.

HE WOKED UP
The reporter who saw all this had his river transformed into one of these great chariots from which he surveyed these gay scenes. Suddenly as the hour of 12 approached he realized that he would have to get across the Los Angeles river or have his chariot return to its original status of tin Liane. He ordered the coachman to beat up the six white horses. Just as they were about to cross the Aliso-street bridge 12 struck and as he snapped out of it he felt the editor push him in the ribs and say:

"Hey, if you get room in that Halloween story of yours, tack on a paragraph about a Mrs. B. Mortensen of 408 West Thirty-third street, who phoned up to say that some naughty boys playing pranks overturned flower pots in her yard."

And that the prosaic police reporter called up and said, "Well, as far as the cops were concerned, the place was dead at the noon up. Very few pinches of drunks, no accidents to amount to saying that some naughty boys playing pranks overturned flower pots in her yard."

NEGRO HELD IN MURDER
Marshall L. Oulfin, negro, was held for trial in Superior Court yesterday by Justice Hanby on a charge of murder. He is charged with having killed William Smith, another negro, on October 12, last, at Leak's Lake, near Watts. Det. Anthony Heinicke prosecuted the case.

FAIRIES FROLIC FOR RADIO FANS

Halloween Brings Cheer to Artist Children

Young Guests Display Wide Talent for Audience

Queen Amused by Skits of Twin Performers

BY K. G. ORRINGTON

Halloween is a time for party and games, a time to play at being witches, ghosts and fairies. The spirit of Halloween last night pervaded the Times studio, when the maids and Fairy Queen Titania gave a party for the kids and hosts of radio fans.

Thirty of the artist children who have often entertained over KFI, and are known and loved by the radio audience, were the guests of the fairies, who appeared in human form but in fairy spirit and costume. The children were delighted to meet the kindly maids and the beautiful little queen, who accepted a throne in a corner of the studio. Surely, the fairies themselves do not have such wonderfully happy parties, and most sometimes wish that they were earth children.

The little guests entertained during the party, outdoing themselves in honor of the memorial occasion. The Di Tullio Trio, composed of Adolph, violinist, 11 years of age; Mario, pianist, 8 years of age; and Joseph, cellist, 14 years of age, played several numbers that were splendidly interpreted. They are under the management of Theodore Gordon. Their work was good, and constituted a pleasing feature of the party.

FEEL DEFEATS TALENT

Robert Violin, a talented juvenile violinist of 8 years, and also a pupil of Theodore Gordon, displayed remarkable talent. His playing was marked with true artistry. The accompaniment was played by Carrie Preston Hittmaster.

George Pepper, 7 years of age, and Jack Pepper, 11 years of age, pupils of Robert N. Staples, appeared in solo and duet numbers. The little brothers are old friends of RadioLand. In fact, the kids and hosts can easily remember when George used a quarter violin, and Virginia Leonard, who are twins, gave a funny skit which greatly amused the Fairy Queen. A grown-up with a kiddie heart, John P. Orie, sang kiddie songs in a low baritone voice. His accompaniment was played by Carrie Preston Hittmaster, who was described in the same way.

FLUTE SOLO GOOD

Junius Pacheco, who is 11 years of age, favored everybody with a flute solo, which was well executed. Mrs. Hittmaster was again at the piano.

Strong Poleson, an 8-year-old pianist, and Margarette Bauer, playing the piano during the party, displayed considerable promise.

John, cellist, accompanied by Thelma Robbins, and favored with two lovely songs, "The Willows" by Schubert, and "Dance Rhapsody" by Grieg. Orie is a pupil of Ritty.

The children who were guests of the party also included Rich-

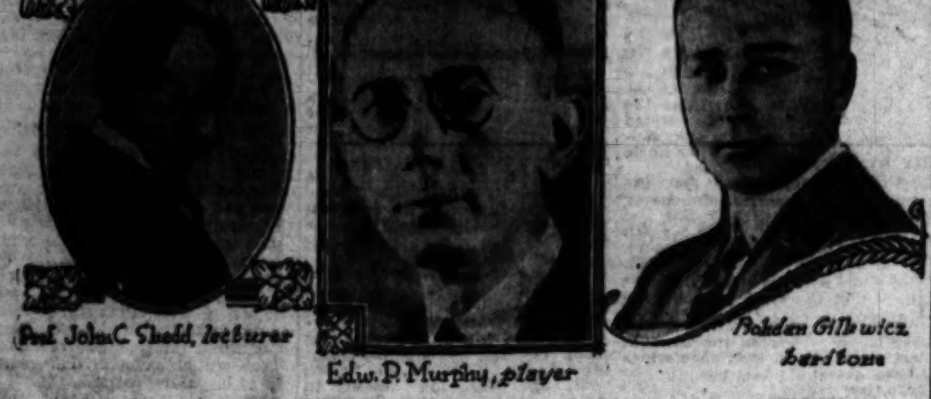

Wille, Gilbert and MacMurry in Musical Treat Tonight

Alberto and Loren Davis, Singers. Joseph Jean Gilbert, Flutist.

Edward R. Murphy, pianist. Robert N. Staples, violinist.

Monte Weeks, Tenor, to Present Day Programs. Robert N. Staples, violinist.

BUDDHA QUOTED ON CRIME

Pastor Says Sage Urged Direction of Evil Thoughts Into Orderly Channels

Gautama Buddha's conclusions concerning crime were recited at the City Club yesterday by Manly P. Hall, pastor of the Church of the People, who quoted the Indian Prince as having said that the best method of dealing with criminals is to take steps to direct the thoughts and motives of evil doers into constructive, orderly channels.

"The philosophy of evil is largely which he uses to accomplish evil deeds will be turned to the accomplishment of worthy purposes," said the speaker.

Declaring that the fact of the continuity of consciousness, from life to life, and the laws of cause and effect must both be studied if men ever expect to get to the root of crime, the speaker said that to produce better people it is necessary for society to work for better environment for all citizens. In this regard Mr. Hall said that "our hard pavements and steel lunch counters have a tendency, by playing havoc with the nervous constitution of man, to produce thieves, libertines and murderers."

which are essential for radio broadcast and her songs were an important feature of the program.

POEMS DELIGHT FANS

Laurens Pule entertained on both programs with many delightful readings. She gave two original poems, and several from the pen of James W. Foley. Her expression and feeling that were splendid and carried an air of sincerity and sympathy that enhanced her effectiveness.

During the noon broadcast Fred C. McNabb of the Angler & Music Seed Company gave his weekly talk on "Garden Suggestions." Southern California is going to abound with wondrous gardens soon. You will be apt to find them where there is an antenna on the roof.

The bedtime hour saw three sisters before the microphone. Ardie Payne, pianist, is just 11 years of age, and played "The Brooklet," by Spindler, very nicely. Josephine Payne, also a pianist, but four years younger than Ardie, gave "Frolics," by Risher.

Then little Clarice Payne, who is only 4 years of age, gave a pianologue with such success that each of the older girls did likewise.

Bullock's . . . One o'clock Saturday . . . Basement Store

This advertisement for Friday's selling-- Merchandise will not be on sale today--

Girls' Coats--Samples--\$8.75

—and it is only because these Coats are Samples and as such have served their manufacturer's purpose that Bullock's secured them for so much below regular that they can be sold for \$8.75—Friday—

Well made Coats of Polaire, Velour, Herring-bone Tweeds, Reversible Plaids and Novelty Coatings in many different models—and the majority have collars of fur—all are lined throughout—Sizes 7 to 14 years—Samples, Sample priced—\$8.75 Friday (not today.)

Bullock's Basement Store

400 Girls' Gingham Dresses, 85c

—an offering extraordinary—one that should interest all mothers of girls between the ages of 2 and 14 years—for this is an opportunity to buy good dresses at a saving very much worth while—

For the little tots of 2 to 6 are Pantie Dresses in a variety of models—and for the girls of 7 to 14 are a variety of styles and colors—attractive as well as practical dresses—at a very much below regular price—85c Friday (not today)—in

Bullock's Basement Store

Girls' Muslin Bloomers, 45c

—white muslin bloomers, well made, some reinforced in sizes for girls of 4 to 16 years—Band top style for girls of 4 to 12 and the elastic in sizes 4 to 16—but not all sizes with the reinforced seat—

These bloomers have plenty of room at the knees and fit comfortably—all sizes—Friday—45c pr. Friday (not today.)

Bullock's Basement Store.

Boys' Sweaters \$3.95, Friday

—and sweaters of this quality, would in a regular way sell for ever and ever so much more—Values parents should not overlook—at \$3.95, Friday—

The heavy Shaker knit in the pullover style illustrated, with great wide collar that may be fastened close to the neck—32 to 42 sizes—in a variety of color combinations—A value extraordinary at \$3.95—Friday (not today)—

Bullock's Basement Store.

Boys' Junior Suits at \$3.95

—Jersey and Tweed Suits in the Middy and Oliver Twist styles for the little fellows of 3 to 8 years—in the light and dark brown, green and heather mixtures—

Practical, serviceable suits suitable for dress or other wear—some braid trimmed with emblem on sleeve—Values unusual at \$3.95—Friday—(not today.)

Bullock's Basement Store

Boys' Shirts Reduced, 50c

—and they should hurry away soon after store opening—at this low price—Coat style shirts of light striped percales, without collars and with double cuffs—12½ to 14 year sizes—at 50c Friday (not today.)

Bullock's Basement Store.

Boys' Caps \$1, Friday

2:30 to 3:30 p.m. Matinee musical, presented by Monte L. Weeks, Editor: Tom Conaway, entertainer; Zillah E. Withers, reader, and Claude Williams, pianist, pupil of Olga Steeb, and teacher in Olga Steeb Piano School.

6:45 to 7:30 p.m. Program presented by O. W. Kinman, and M. P. Winterburn, of the Pasadena Pits and Drum Corps. Lorraine Whitney, pianist, 6 years of age, pupil of Mrs. W. L. Hawk.

8 to 10 p.m. Program presented by Stewart Willie, pianist, Joseph Jean Gilbert, flutist, Frederick MacMurry, violinist. Community Broadcasters of Pasadena will present one-act play, John C. Shedd, professor of physics, Occidental College, appearing through the courtesy of the Braun Corporation, will speak on "Man's Place in Nature."

10 to 12 p.m. Broadcasting Art Hickman's Orchestra. Monte L. Weeks, tenor, and Alberto and Loren Davis, known as "Sammy Sisters," will also entertain.

SPECIALISTS TO MEET

Optometrists Will Hear Talk on Europe

The monthly business meeting of the Los Angeles County Association of Optometrists will be conducted this evening at Pauline's, 147 South Broadway, at a dinner at 6:30 o'clock. The feature of the evening will be an address by Fred Deimera, optometrist of this city, who will speak on optometric conditions as he found them in the European countries. C. H. Heard, president of the association, will preside.

Various small advertisements on the left margin, including mentions of 'Saturday', 'Park', 'Neuritis?', and 'Water'.

CONDITIONS

GRAVES

Nothing to be a very serious question in time is worth anything, said an old saying that it is better to have the time lost to the people of this city by traffic congestion than to have it lost to a very large number of graves.

Graves are growing more and more scarce in the city, and the city is overcrowded, but only a few graves are being dug in the city during almost any time of the year.

In the thirty-two minutes, a day or two ago, for a machine to turn in the Temple block to Fourth and Spring streets. The street cars were not running, and the people were waiting for the street cars to come.

The most serious danger to the people of Southern California at present is the inflation of the money market. The inflation is the result of boom methods of financing immigration and of the money market.

When the money market is inflated, the money is not followed by a steady flow of money, when it comes to the money market, it is not followed by a steady flow of money.

When the money market is inflated, the money is not followed by a steady flow of money, when it comes to the money market, it is not followed by a steady flow of money.

When the money market is inflated, the money is not followed by a steady flow of money, when it comes to the money market, it is not followed by a steady flow of money.

NEW CITY HALL DEMANDS GIVEN

Space Needed Estimated at 301,456 Square Feet

This Would Be Sufficient for Twenty Years

Report Made to Council by Director Eldridge

The new \$1,000,000 City Hall to be built on the corner of First and Temple streets in Los Angeles and Spring streets, should be large enough to accommodate the city for twenty years, according to a report made to the City Council by the City Engineer, Director Eldridge.

The report was made to the City Council by the City Engineer, Director Eldridge, and it was found that the new City Hall would be large enough to accommodate the city for twenty years.

The report was made to the City Council by the City Engineer, Director Eldridge, and it was found that the new City Hall would be large enough to accommodate the city for twenty years.

PUPILS GIVE SAFETY PLAY

Educational Program Part of Campaign to Prevent Accidents at Micheltorena School

The older pupils of the Micheltorena School yesterday gave some safety first plays for education of the smaller children, who were so deeply impressed that accidents should be rare in the neighborhood for some time to come.

The safety movement at this school is in deadly earnest because it, more than any other grammar school, has suffered from danger of automobile traffic at the Sunset-Boulevard crossing, a matter over which the children themselves have little control.

The City Council has promised the school a pedestrian tunnel under the boulevard. In spite of the police protection several children and teachers were struck and injured by automobiles this semester.

A safety council has been formed from the student body. Two safety guards will be selected from each room. These will see to preventative measures in the playground; that the children do not try to cross the boulevard except when the policeman stops the traffic and, when the tunnel is completed, that it is kept in good order.

The performance yesterday was a part of the safety council's propaganda. The pupils themselves, boys and girls from 1 to 10 years of age, wrote as well as directed and acted the play, which was filled with terrible accidents to careless children, who would knock riders or run their scooters recklessly with frantic mothers, stern policemen and a physician in a store-pipe hat.

In each of the school looked like so many angels. However, last night there were a few garbage cans left in the neighborhood.

What are you going to think of tonight, she asked. "Safety first," chorused the audience. "Safety only to yourselves," "To other people," came the answer.

And the six pupils of the school looked like so many angels. However, last night there were a few garbage cans left in the neighborhood.

What are you going to think of tonight, she asked. "Safety first," chorused the audience. "Safety only to yourselves," "To other people," came the answer.

ORSATTI TRIAL TO END QUICKLY

Defense Announces Plan to Shorten Testimony

Prosecution Rests and Jury Promised Case Tomorrow

Decision on Fine Point of Law is Indicated

Concentration upon a fine point of the law, that of entrapment, to free Morris Orsatti, Italian steamship agent, from the charge of conspiracy to bribe H. H. Dole, Federal prohibition chief, which is now being tried before United States District Judge E. J. Connelley.

Agent Dole was upon the witness stand for two hours yesterday. At the time the asserted offense, July, 1922, Dole was Federal prohibition agent in charge at Los Angeles. He testified that J. R. Johnson, then a detective for the W. J. Burns agency, approached him with an offer of \$10,000 to "fix" liquor cases, declaring that a "prominent politician" was behind the offer.

He testified that on one occasion Orsatti said: "Knock over all the wops you can. It's more money for us."

What is a wop? asked Judge E. J. Connelley. "I understand," replied Agent Dole. Johnson, who has pleaded guilty to the indictment, took the stand again, and went into details concerning the transactions preceding his arrest.

W. J. Dole, formerly one of Dole's agents, testified concerning the passing of money.

SPECIAL AGENT TESTIFY Young L. Harvill, a special revenue agent, and F. Zapelli, named as one of the liquor violators in the indictment, ascended the stand to give their testimony, but were halted when Defense attorneys V. R. Atty, Heron and Graham, represented himself to these have their cases dismissed or the charges reduced, and that he accepted certain sums of money from them for that purpose," stated Mr. Gilbert.

The government then rested the case. "We'll finish the defense testimony and have the case in the hands of the jury by noon tomorrow," said Mr. O'Connor.

Dr. Mars Baumgardt, optometrist and lecturer, gave his weekly talk, giving Radioland, verbal "V. I. V. of the Universe." While his talk was most interesting, he neglected to give the position of the home of the fairies, Fontana Farms, which are not visible through our earth telescope.

RETURNED TO MOTHER "We never lived together, not at all," she said on the stand. When she recovered her senses, the following morning, according to her story, she came back at once to Los Angeles to her mother, where she has been ever since.

It was stated in the complaint that Seymour had left for a foreign country, and that his whereabouts were now unknown. "A man who would so prey upon the innocence of a young girl should be prosecuted, and sent to the penitentiary," said Judge Shaw.

This case should also be a warning to parents. Children should be carefully guarded, but they should also be taught of the pitfalls into which they may fall. Ignorance of the world is sometimes more dangerous than knowledge."

An Inside Chance

To Create An Income With Small Investment

Near Los Angeles

Fontana Facts: One of the richest sections of Southern California is the Fontana-Cucamonga-Ontario vineyard district, situated 50 miles east of Los Angeles on the Valley and Foothill Boulevards and embracing 30,000 acres of choicest juice grape land in America—a district that for a century has made growers wealthy. Here are found the vast vineyards and the great wineries of the Italian Vineyard Co. and the famous Virginia Dare Company.

Free Care of Vineyards We take complete cultural care of your vineyard for three years entirely free of charge to you from date of planting, nearly a year ago. We also give you free a share of water stock with each acre you buy. This water stock is conservatively worth \$200 per acre.

Great Irrigation System The Fontana Irrigation System of pure mountain water is one of the best and most dependable in California. It was developed at a cost of \$1,000,000 and drains 64 square miles of the watershed of the Sierra Madre mountains.

Poultry Opportunities The Fontana White Leghorn Poultry Farm is one of the largest and best managed in America. We incubate 48,000 baby chicks at a time. This farm was established primarily to give Fontana Vineyard owners the right kind of start in the poultry business.

As a Place to Live Fontana is a delightful place to live and is growing more and more attractive as a residence locality each year as the State is developed and beautified. The planting of more than 600 miles of beautiful shade trees in rows over the property and many miles of young walnut, olive, fig and other trees make the drive a grand treat to enhance the beauty of the estate. New improvements are constantly carried out. Fontana has the best of school facilities for children of all ages. It has pure water, electricity, community social organizations and all other modern conveniences and advantages.

This is a remarkable chance to obtain a beautiful country homesite on the Fontana Estate, the largest diversified fruit, poultry and live stock farm in the world, only 2 hours from the heart of Los Angeles by automobile over paved boulevards or by Pacific Electric. Never again will fertile, plentifully irrigated land so close to Los Angeles be sold so cheaply. Read at the left above more about Fontana.

SOLDIER IS KILLED BY HIS BUDDY

Accident Follows Hunt for Fugitive by Troopers From Fort MacArthur

Private Bert Dewbre of the One Hundred and Fifty-eighth Company, Coast Artillery, stationed at Fort MacArthur, was shot to death yesterday afternoon when a rifle in the hands of his buddy, Private George B. Green, accidentally exploded, the bullet plowing through his chest.

The fatality occurred on the docks at the First street, Los Angeles Harbor, and was witnessed by a number of spectators. The private had been sent out from the dock to arrest a man known as Taylor, who a few days ago had broken out of the guardhouse at Fort MacArthur, where he was serving a three-year sentence.

They had been informed that the escaped prisoner had been seen near the Fifth-street docks and proceeded there. Failing to find the man, they started to return. Green taking the lead. He was a few paces in front of Dewbre. Near shore Green stumbled. His rifle, which he was carrying on his shoulder, slipped.

Green turned and found his buddy lying unconscious on the dock. Several spectators who had witnessed the accident hurried up. They had the fatally wounded soldier removed to the emergency hospital. A few minutes after his arrival there Dewbre expired.

No Corns

The simplest way to get rid of corns is Blue-Jay. Stops the pain instantly. Then the corn loosens and comes out. Used in clear liquid and in thick ointment. The action is the same. At your drugist.

Keeping Millions Free From Colds and La Grippe W. H. HILL'S LIFE WORK Colds cause more illness than any other human ailment. Realizing this 50 years ago, W. H. Hill determined to develop a quick-acting scientifically correct cold and la gripe remedy.

Years of research brought success. Mr. Hill discovered a most remarkable formula. He backed it with energy, faith, integrity and a name that meant "satisfaction or money back."

Today more than 4,000,000 families—one-fifth of America's population—use and recommend Hill's Coughs and Colds.

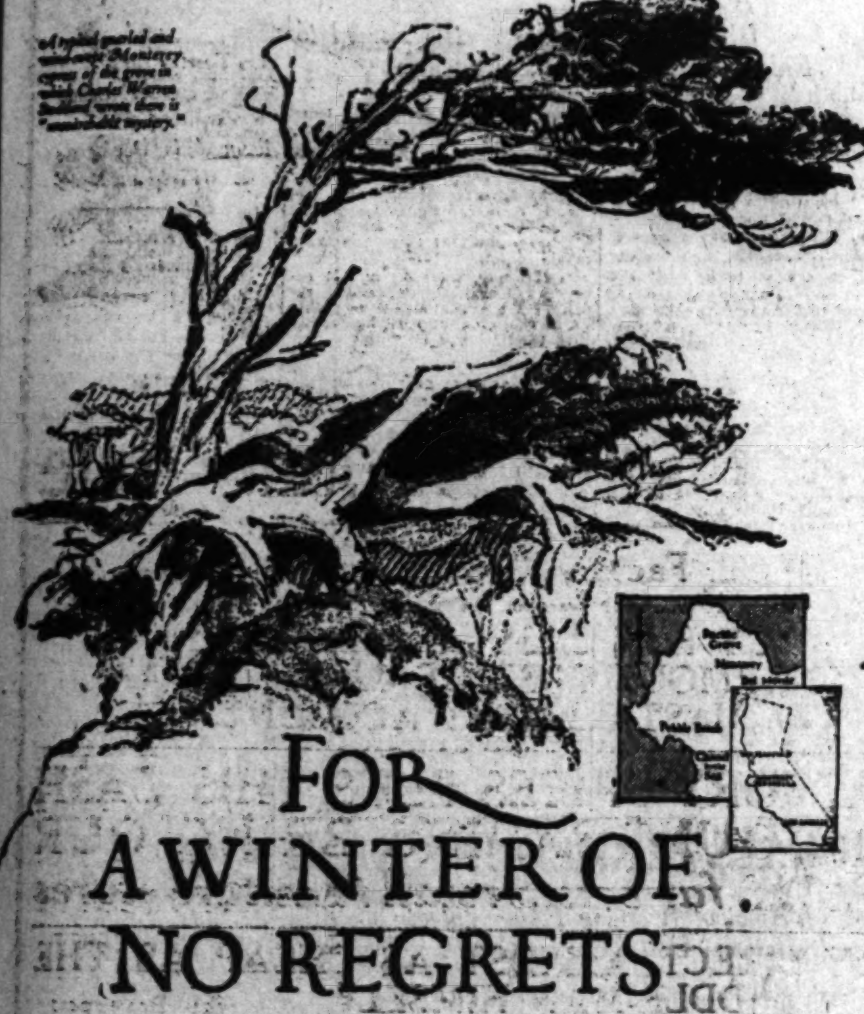

The formula has never been changed in a quarter of a century. What Hill has done for millions, it can do for you. Demand red box bearing Mr. Hill's portrait. All drugists, 30 cents.

FOR A WINTER OF NO REGRETS

HERE where people who know all the world have built their homes; here where Europe's Riviera's kindly climate is surpassed, you'll fast forget that biting winter stalks abroad. Unannoyed by fog you play your game of golf each day, or skirt the sun-shot forests on smooth roads or bridle paths. There's never too much rain for outdoor fun. And all that Nature-lovers hold most dear is here, regaling you and making life worth while.

Too, you'll like the Peninsula if there is in your heart a reverence for illustrious antiquity and appreciation for historic spots and structures. Here are more hallowed memories of great events and men than you'll find elsewhere in the West.

The hunter or the fisherman finds here his Paradise. Small game or wild, and sporty fish abound. And here is boating on crystal bays, tennis, polo, a legion joys. Then best of all are homes! Spend a winter with us and you'll want to stay, for here's the ideal spot for people who seek fuller days.

Just mail the coupon below. It's free, the beautiful book we send. In it you'll find your questions answered, and interesting things of our communities. Or visit us, and let us help you make your stay worth while. We have much to tell, but not a thing to sell. We'll serve you gladly, gratis, in a dozen ways.

MONTEREY PENINSULA COMMUNITIES Inc

TOAD ARMY URGED FOR ARIZONA

Civil War Experience Reveals Need

START OFF ACROSS THE WORLD TALKING TO THEMSELVES

BY J. E. MITCHELL

THE first we gets on this here war, you understand, is in the summer of '64," said Christmas Tree Charley Whipple in telling last night of Arizona's part in the Civil War, as played by Bob Anderson, Vinegar Bill and him.

"One mornin' there comes tearin' into our camp a young soldier from back yonder somewhere with word that war has busted out. We asks him if he ain't mistaken. Maybe it's the war with Mexico that he just heard tell of. But, no, he says it ain't.

"It seems the South has seceded and both sides has started up an army. (The two armies) fight at a place called Manassas Creek and the Southern Army has run the Northern Army plumb up a sacus and made them pull the cactus up after them.

NEWS TRAVELS SLOW

"This has all happened some time back, this young soldier says, but it has took some time for the word to get out this far. Now, however, the South has sent a steamboat around with a bunch of troops to get off at the mouth of

the river and start west. The idea, hein' to take in all the Southwest territory for the Confederates.

This young fellow sure tells it all.

"We don't believe it until Bob Anderson says that when he was back there to visit his sister in '64 there was some talk of secedin' down, so that fixes it.

"If this bunch of rebels is goin' to start east from the mouth of the river, we'll just cut them off at the Pass, the commander of the company says. At that time we are just about 200 miles from the Pass and maybe it's a hurry we can get down there in time. I don't just recall how we chanced to be where we was, but I probably took out after a bunch of Indians some mornin' and when we come to a halt, later the Indians was just right over one hill while the moon was comin' up over another, and there we was.

"At least, that's the way it generally happened.

"Well, we are breakin' camp when, Bob Anderson, the commander of the scouts, says that he reckons that if George has seceded that includes him, too, and Vinegar, who comes from Tennessee, says that he's been practicin' up all these years just to shoot a Northerner. And me, not bein' acquainted with anybody in this Northern Army and havin' knowed Bob and Vinegar intimately for some time back, I just decides that I'll go along with my friends.

DOESN'T LIKE CAMELS

Besides, I don't like these here camels, anyhow. We have hired 'em out as scouts and here we are, on account of some idiot's idea, in Washington, back yonder, with a bunch of camels around. It seems that some years back some official with a No. 12 shoe and a No. 2 hat has decided to outfit the Army in the Southwest with a bunch of camels. These here camels is to pack supplies and troops, around and otherwise take the place of mules.

"But there's something plumb obnoxious about camels. They do not seem to be as American-like as they ought and most of the men and none of the stock never gets used to them.

"It finally gets so you can just say camel to some of the mules in the Army and they'll stampede. And I've knowed freighters to go crazy and start right off across the world talkin' to themselves, takin' their chances with the Indians rather than herd them camels another mile.

"Them camels was as cranky as a woman and as shy as a coyote. Take your eye off of them some night and noon the next day you'd find them half way to Mexico City.

"Well, we goes to the captain and tells him how we feel. The way the cards are dealt, we tells him, we feel like we'd like to draw out of the game. He gets all sore up, but we can quit now and what's more the column will start in fifteen minutes without us.

"Which they do. Bob and Vinegar and me and the toad are left out there 200 miles in the middle of nothin' without a horse, a mule, a little grub and just one canteen.

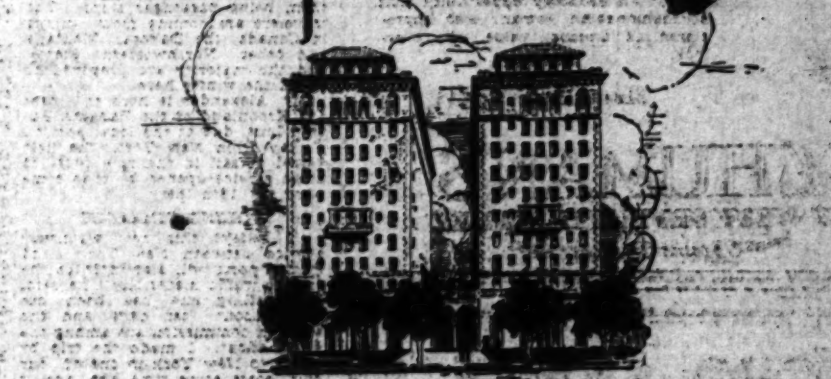

"It don't seem hardly right but we don't get mad until after the troops has got away. Then we talks it over and decides that we'll just go down there and hold that pass ourselves. We'll beat these here troops down there and fight them off until the Confederates get there.

"With that we starts. The troops is keepin' pretty much to one side of the valley and we take the other side. By night we've gone about twenty mile but we're even with the troops and off we takes the valley we can see their fire. The next day we makes thirty mile and still we're even with them. The third day we do pretty well but the fourth we begins to get sort of dry. However, we know that we ought to hit water that night and we keeps on.

"But that night, when we gets down to that tank, it's dry. Vine-

AFTER THAT IT'S JUST PLAIN—

well whether we lay by a cent or not, says Vinegar.

"With that we gets to tea-been' and a giffin' like a lot of old women and first thing we know we're down to the Pass. Well, we gets a good drink and sets in to hold the fort, you might say. But the troops don't come along and after a while we climb up on the point to see what's holdin' them.

"There they are, back up there about five mile, camels and all bogged down in them sand hills the come down on that side of the valley. Them old camels has just got so dry and their feet has added a while we climb up on the point to see what's holdin' them.

"Well, we has a talk. Here's a bunch of boys that we've been adding with for months for water there dyin' for a drink. To be sure, the captain turned us adrift a few days back, but if he alive the chances is he's sorry for it.

"After all, what's a civil war between friends?

"We loads up the canteen and goes back. We don't aim to water no camels, you understand, and somehow or other we gets the boys all in.

"Then we all sits around down at the pass for several days waitin' for the Confederates to come along. The idea, hein' that when they do come we'll all just be neutral, but they never show, and we finally decides that maybe the steamboat is wrecked.

"That is as close as the Civil War comes to Arizona, for we all goes back to chasin' Indians. The captain, however, sends in a recommendation to Washington that the camels be replaced by loads for any animal that can live on cactus and chewin' tobacco for a week is just what the Army needs in Arizona, he says."

TO WIDEN SIDEWALKS

Council Orders Five Feet Added to Olive Street

The widening of the sidewalk space five feet on both sides of Olive street between Seventh street and Pico street was ordered yesterday by the City Council upon receipt of a majority property owners' petition requesting the improvement.

Mrs. Jessie Ogden

Beauty Comes from Within. Rouge and Artificial Coloring No Longer Necessary

Los Angeles—"In my early girlhood I suffered severely with backaches, etc., as many girls do. My mother gave me Dr. Pierce's Favorite Prescription and it was this medicine which relieved me of all my backaches and pains. I would advise every young girl who suffers to give Dr. Pierce's Favorite Prescription a trial."—Mrs. Jessie Ogden, 1207 Doris Street.

The appealing charm of health and beauty follow the use of this Prescription of Dr. Pierce, which is sold at all drug stores, in tablet or liquid form.

Send for free trial package of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or write for free medical advice—Advertisement.

**Young Women Believe
Crime Gang Members**

EXCLUSIVE DISPATCH
SANTA BARBARA, Cal.
Two teenagers, girls, Mary
Mead and Linda Mary,
a grand jury in the super-
yesterday of grand jurors
section of Santa Barbara
activities as members of
of crime rings held in private
with Superior Judge G.
today, an audience which
courts and volunteers in
hysterical sobbing. Later
denied a motion made by
granny, said that she was
guilty, that they are releas-
ation during the period
of six months, the law
in grand larceny cases.
Whether or not the girls
of their past and their ac-
tivities and of the Court
are exposed to the world
with Judge Crow would
value.

That they unborn is
in an effort to escape re-
battered, and the girls
they told their real names
names under which they vi-
tified.

CLASSIFIED RATE
—Circulars: Jan. 12, 1935
—Minimum space: 2 lines
—Minimum time: 1 week
—Rate of the above: 10¢
—Special rates for long
—Special rates for long

It is believed both are of respectable families and that they are known respectable circles as well as in Los Angeles. The girl was not married, and no appeal from the motion picture star was made. The large charges against the girl were dropped.

LOSE PAPERS DOWN BY THE OLD BRIDGE

LOU & P. MURPHY WERE RAN DIEGO, Oct. 31.—Moore and Harry Smith, who came here from Los Angeles and who were at hotel for several days, reported to the police today that they had lost a trunk containing a large sum of money, and a number of valuable papers at the old bridge this morning. They were crossing the bridge in an automobile when two men seized them, drove them to a nearby place, and with revolvers and made give up their money.
